Lecturer in Mechanical Engineering

The Department of Mechanical Engineering at the University of New Hampshire invites applications for a Lecturer position beginning August 22, 2016. The person will be responsible for assisting in the delivery of a systems and control laboratory course, teaching 3-4 lecture based courses per academic year, and possibly advising senior design project teams. For the systems and control laboratory, the lecturer will work with a professor who has the main responsibility for the course. The lecturer responsibilities for this laboratory include setting up and supervising the laboratory experience, conducting office hours, grading of assignments, and periodic lecture development on request. The lecture based courses could include systems and control, mechanics, engineering design, and/or ocean engineering. The responsibilities for the lecture based courses include lecture development and delivery; conducting office hours and recitations; creating homework, quiz, and exam assignments; grading of assignments; and assigning final course grades.

The position requires a Ph.D. in Mechanical Engineering or related field along with professional and/or academic experience and accomplishments, and ideally a demonstrated record of exceptional teaching. The candidate should provide specific and detailed descriptions of their previous teaching experience (classroom and/or laboratory) in their application. The successful candidate must have strong interpersonal and communication skills.

The position is an 88% time position, benefits eligible, and renewable pending satisfactory annual performance. Please attach a letter of interest with curriculum vitae and a list of names and contact information for three references to the online employment site https://jobs.usnh.edu. The target date for applications is May 13, 2016, but the search will remain open until the position is filled.

UNH is a major research institution, providing comprehensive, high-quality undergraduate programs and graduate programs of distinction. The University actively promotes a dynamic learning environment in which qualified individuals of differing perspectives, life experiences, and cultural backgrounds pursue academic goals with mutual respect and shared inquiry. UNH is located in Durham on a 188-acre campus, 60 miles north of Boston and 8 miles from the Atlantic coast, and is convenient to New Hampshire's lakes and mountains. A land, sea, and space-grant university, UNH is the state's flagship public institution, enrolling 13,000 students, with a full-time faculty of over 600, offering 90 undergraduate and more than 70 graduate programs.

The University seeks excellence through diversity among its administrators, faculty, staff, and students. The University of New Hampshire is an Equal Opportunity, Affirmative Action Employer and prohibits discrimination on the basis of race, color, religion, sex, age, national origin, sexual orientation, gender identity or expression, disability, veteran status, or marital status. Application by members of underrepresented groups is encouraged.
