

## University of New Hampshire Certification of Completion of Minor

A minor consists of 20 or more semester hours of credit with a grade of c- or better and a 2.00 grade point average in subjects which the minor department approves. Courses taken on a Pass/Fail basis may not be used for a minor. No more than 8.0 credits used by the student to satisfy major requirements may be used for the minor. Courses to be taken in the student's final semester should be listed with a notation of "Now Being Taken" in the Grade Received and Credit Hours columns (see below).

The student is to complete this form at the beginning of his/her final semester at the University. A student may earn a minor in any undergraduate discipline in the University which has been approved as a minor by the College's Executive Committee. A list of approved minors is available at each college dean's office.

The student must have the minor approved by his/her major adviser and by the minor supervisor. The student will then present the completed form to his/her college dean for approval. The college dean will take action and forward the approval to the Registrar's Office. **The minor will appear on the student's academic record when all the necessary courses have been successfully completed.**
