EXPRESSING APPRECIATION FOR YOUR SCHOLARSHIP

Being selected as the recipient of a scholarship or award is a tribute to you and your hard work! Congratulations!

Private support from donors makes it possible for the University of New Hampshire to provide financial assistance to students in the form of scholarships. Donors who establish scholarship at UNH are generous and caring people who provide support for the educational endeavors of students like you. Donors and their families create scholarship endowments because they know that their gifts help many students realize the dream of attaining a college education.

As the recipient of a scholarship or award, you are asked to express your written appreciation to those who made it possible. Although they ask for nothing in return, receiving a well-written thank you note is a very special way to express your gratitude. Your personal note of thanks reminds our donors why they gave the gift in the first place and often helps secure future gifts for future students.
