BAE Summer STEM Scholars

The BAE Summer STEM Scholars initiative at UNH Tech Camp is for high school youth entering 11th and 12th grade.

- Two residential weeks at the UNH Durham campus
- Explore the world of science and engineering side-by-side with BAE engineers on an in-depth project
- Discuss STEM career paths with professionals and UNH engineering students
- Learn college skills: Application essays, resumes, interviewing, and public speaking

Program Dates
July 15 - 26, 2019

Tech Camp Faculty Director:
Prof. Carmela Amato-Wierda

(603) 862-2526  ccaw@unh.edu

Full financial support for eligible applicants will be generously donated by BAE Systems.
