If you need a face shield for your labs and or face masks, please email the office & cc Dr. Bell. We have plenty!

MESSAGE FROM CEE

As Fall officially begins this week, we hope you are getting settled with our new way of teaching & learning here at UNH.

Just as a reminder, if you have any questions or concerns, please contact our office or your advisor and Dr. Bell is always available. We are here to help you!!!

Grads, don't forget, we will be holding our 1st Graduate Seminar, with Dr. Tracy Corley from Mass Inc. on Friday, Sept. 25th @ 2:10 p.m.

The Zoom link is on page 2 of this newsletter.

Have a great week everybody!

IN THE SPOTLIGHT!

Graduate Student, Sebastian Rowan recently earned a Research Fellowship with the Oak Ridge Institute for Science and Education (ORISE). His work will support the U.S. Army Corps of Engineers to ensure complete, inclusive analysis and consideration of a full suite of social and environmental factors in agency decision making, particularly around infrastructure and community resilience.

He and his advisor, Dr. Kyle Kwiatkowski, also just published an article in a special issue of Sustainability titled, "Assessing the Relationship Between Social Vulnerability, Social Capital, and Housing Resilience."

**Sebastian Rowan,
CEE Graduate Student**

Callie is a sweet 13-month old Cavalier King Charles Spaniel. She loves walking around and exploring the campus throughout the summer and especially when the students are back on campus. Feel free to greet her as she goes on frequent walks with Professor Collins.
