MESSAGE FROM CEE

We hope you enjoyed the April Lunch & Learn Series.

Here it is May with only a few weeks to go. As you prepare for finals, be sure to take care of yourselves.

Keep calm and study on!

Have a great week!
Wishing all our Moms a
Very Happy Mother’s Day!!!

CEE
IMPORTANT DATES

CEE Undergrad Experiential Learning Awards (CEE-UELA)

The CEE UELA program provides awards to outstanding undergraduate CEE students who wish to pursue a specific research or internship project with societal impacts under the mentorship of a faculty member and possibly a practitioner in civil or environmental engineering disciplines.

Information has been posted to Canvas.
IN THE SPOTLIGHT!

We honor our soon to be Retiree, Professor Jean Benoît!

Professor Jean Benoît has been at the University of New Hampshire since 1983 and served as Department Chair for 9 years from 2001-2010. He received his Bachelor of Engineering in Civil Engineering from Ecole Polytechnique in Montréal in 1977 and his Masters and Doctorate in Civil Engineering from Stanford University in 1980 and 1984, respectively. He has expertise in geotechnical, geological and geoenvironmental engineering. Prior to his arrival at UNH, Professor Benoît worked in industry for Woodward-Clyde Consultants on projects in the US and overseas including Egypt, Iran and Algeria. During two sabbatical leaves and professional collaborations, he has also held faculty and research positions at Ecole Centrale de Nantes, Université de Nantes, Ecole Centrale de Lyon, Ecole Nationale des Ponts et Chaussées in Paris and has conducted research at ISMES in Italy. He has published over 100 technical papers related to geotechnical engineering including a book (in French) on drilling, boreholes and in situ geotechnical tests.

Although Professor Benoît will be retiring in May, he will continue working on his research and will be traveling back and forth to France, sampling soils but most importantly the food and wines. He looks forward to more time on the golf course and on the curling sheets. He also plans on visiting his family in Canada and his kids in Denver and Brooklyn.

We wish Professor Benoît all the best!!!

CONGRATULATIONS
URC ISE CEE WINNERS!!!

Category: Research
Winner: Cawthern, Sage
Replacing a Load Bearing Wall with a Beam

Runner-up: DeGregorio, Joseph
Initial Characterization of Microplastics in the Great Bay Estuary

Category: Investigation
Winner: Fournier, Ryan; Joslyn, Joshua Jeremiah; Roche, Stephen Robert; Smith, Ethan Thomas; Stoddard, Jacob
Livermore - NH Resort Development and Dam Design Feasibility Project

Runner-Up: Blais, Alden DeCamp; Bozzo, Ailish Ann; Daley, Ryan W
Harvard Museum of Comparative Zoology

Category: Design
Winner: Hughes, Casey Lee; Mastin, Brayden Joseph; Page, Daniel Frank; Yurczyk, Joseph
Indian Carry Road Stream Crossing Project

Runner-Up: Bhattarai, Niroj; Leach, John Nicholas; Manning, Jessica Rose; Norton, Cassie Sooah
Sheehan-Basquil Park Site Renovation
GUESS THE FACULTY?

Here's another fun oldie but goodie! Do we have any guesses?

Answer from our previous Newsletter...
If you guessed Professor Cook, you were correct!!!
Professor Cook pictured here as part of the Tin Roof Jazz Dixieland Ensemble.
