UNH Youth Programs
Student Self Check-In/Out Permission

Student Name: ____________________________________________________________

Youth Program(s) Attending: ______________________________________________
________________________________________________________________________

Dates of Attendance: ______________________________________________________

I give the above-named student permission to transport themselves to and from the indicated youth program(s).

_____ the student has my permission to check themselves in to the program.

_____ the student has my permission to check themselves out of the program.

The student must check in and out with a member of the program staff.

Parent/Guardian Printed Name: ______________________________________________

Parent/Guardian Signature: _________________________________________________

Date: ___________________________
**Personal Vehicles:**

The Durham campus and other locations are very walkable, and a car is not necessary or allowed for day-to-day use. We discourage students from bringing their own vehicles, particularly for overnight programs.

If bringing a vehicle is unavoidable, the following rules are in place:

- The student/family is responsible for purchasing a parking pass from UNH Transportation Services and the student will abide by all parking regulations. Parking tickets will be paid by the student/family.
- The student is responsible for getting to and from the parking location to the program site.
- Day program students must check in and out each day with program staff according to the program arrangements.
- Overnight program students:
  - Will not transport any other program participant unless the program director receives written permission from all student parents/guardians, who must complete the student self-check in/out permission form.
  - Will not use the vehicle during the program, unless a written request is received by the camp director from a parent/guardian that the student must leave the program. These requests should be minimal, and only for important and/or unavoidable events. The director must approve the request.
  - Will check in and out with a staff member if leaving the program.
