Banquet Keynote Speaker: Raymond Cook, Ph.D., P.E.
Associate Professor, University of New Hampshire

Banquet Keynote Speaker: Ray Cook received a B.A. and B.S.C.E. degrees from the University of Illinois in 1981. He worked as a field engineer, weld inspector, and design engineer for CBI industries in various locations in the southeastern U.S. and, later, as a design engineer for Daily & Associates Engineers of Champaign, Illinois. He returned to graduate school at Cornell University for his M.S. and Ph.D. degrees receiving the latter in 1992. Since August 1992, he has been a member of the Department of Civil Engineering at the University of New Hampshire where he teaches courses in structural engineering design and is a member of Sigma Delta Pi, Tau Beta Pi, Chi Epsilon, ASCE, and ACI.

Breakfast Speaker: William Cass, PE: Commissioner, NHDOT

Bill Cass was appointed Commissioner in December of 2017. He joined the NHDOT in 1986 and has 37 years of experience with the NHDOT. Prior to that, he served for 7 years as the Department’s Assistant Commissioner and Chief Engineer for the Department. Bill has many years of engineering; project development and management experience and his leadership is a key component to the success of the Department. Bill was Project Director, formerly Project Manager, for the largest project the NHDOT has ever undertaken - the 20 mile, 800 million dollar reconstruction of I-93 from Salem to Manchester, and was involved with the project throughout its development and construction.

Lunch Speaker: Erin Holmes, P.E.: Watershed Management Bureau Administrator, NHDES

Erin Holmes is a professional engineer with 20 years of experience in contaminated site management, drinking water management and has a B.S. in Civil Engineering. As the first Drinking Water and Groundwater Trustee of Champaign, Illinois. He returned to graduate school at Cornell University for his M.S. and Ph.D. degrees receiving the latter in 1992. Since August 1992, he has been a member of the Department of Civil Engineering at the University of New Hampshire where he teaches courses in structural engineering design and is a member of Sigma Delta Pi, Tau Beta Pi, Chi Epsilon, ASCE, and ACI.

Participants who attend the full-day of programming for the UNH CEE Alumni Conference earn 7 PDHs. If you have a speaker at the conference, you earn an additional 7 PDHs in the state of New Hampshire. – Per the NH Office of Professional Licensure and Certification.

2023 UNH Civil and Environmental Engineering Alumni Conference

October 26, 2023

The Alumni Conference is a forum for alumni of the CEE Department to return to UNH and share their experiences with students, faculty, and each other, including professional project work, research, and/or other notable career achievements. The Conference provides a collegial forum for alumni to hear from and interact with both students and faculty. It is a chance to play a role in the careers of future professionals!
